NEED FOR THE RULE(S):

As a result of the current pandemic, many in-person educational conferences and events have been moved to an online/webinar format. Current rule requires online courses and webinars to have an exam component to qualify for credit, thereby disqualifying events and content that would have otherwise qualified.

JUSTIFICATION OF TEMPORARY FILING:

With current social distancing requirements, the vast majority of scheduled in-person educational conferences, seminars and courses have had to move to an online/webinar format. Without this temporary rule, licensees attending these events would not be able to utilize them as qualifying credits toward their continuing competence requirements.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE:

Research and analysis documents, board minutes. Located at the board office.

AMEND: 848-035-0030

RULE SUMMARY: Exam waiver for in-person events moved to online/webinar format due to current pandemic.

CHANGES TO RULE:
